

Dear participants,

This is a short survey that aims to evaluate the course content and the learning technologies utilized.

Name of the course (Here to choose from the list of iPEN courses)

The feedback will not affect your grade in the course. However, cooperation and response to feedback is important in order to help us understand how well the course contributed to the development of professional knowledge in the field of nanotechnology.

There are three types of questions:

Multiple choice questions from which you have to choose the answer that you think is most appropriate

Questions that are accompanied by a scale of 1-5. 1 = most negative, 5 = most positive

Open questions to be answered verbally.

1. Number years of experience:
2. Age: 21-30/ 31-40/ 41-50/ 51-60/ 61-70/ above 70
3. Please write why you chose to take the on-line course?
4. Is this your first formal online educational experience? Yes/No
5. What percentage of the course requirements did you complete? (Choose)
 - I have completed 100% of the course requirements
 - I have completed about 75% of the course requirements
 - I have completed about 50% of the course requirements
 - I have completed less than 50% of the course requirements
6. What percentage of the course videos did you complete? (Choose)
 - I have completed 100% of the course videos
 - I have completed about 75% of the course videos
 - I have completed about 50% of the course videos
 - I have completed less than 50% of the course videos
7. Are you taking this course for credit? Yes/ No
8. If you answered "No", please explain why did you chose to participate in the course?
9. Please rate the following on scale of 1 – 5 (negative = 1 , positive=5)

	1	2	3	4	5
Course material content					
Level of difficulty match your expectations					
Recordings quality (video-audio)					
homework assignments					
Ease of use of the Moodle user interface					

10. Did you encounter difficulties (technical or other) during the course - if so what, and were they adequately resolved?

11. Please write a few words about your impression of this mode of learning relative to frontal (face-to-face) learning: advantages and disadvantages.
12. Did you have interactions with the other students?
13. If you answered Yes, please describe in a few words the nature of your interaction
14. Please comment on what you most liked about this course.
15. Please indicate areas or items which could be improved.
16. Do you have any additional comments?
